## Agency Property Relocation Projects (PRP)

### 2016-2017 Agency Moves

The agency received funding during the 84th Legislative Session to relocate staff from the Bull Creek Property (Motor Carrier Division) and selected Regional Service Centers. An internal TxDMV workgroup was established that determined San Antonio (SA), Pharr (PH) and Corpus Christi (CC) are best candidates for relocation during the biennium. TxDMV and Texas Facilities Commission (TFC) gathered space requirements to determine appropriate square footage and develop property specifications. The following are actions taken for each proposed relocation:

### Bull Creek/Motor Carrier Division (Austin, Texas)
- **Established Square Footage**: 19,431
- **Designated Boundary**: Within a southern boundary of 35th Street and Mopac Expressway (Loop 1); a northern boundary of Highway 183 and Mopac Expressway (Loop 1); and within a mile radius on either side of Mopac Expressway (Loop 1)
- **RFP Posted**: 01/08/16
- **RFP Information**: 303-7-20532 (see [http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=122034](http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=122034))
- **RFP Closed**: 02/25/16
- **Established Move Period**: By or before 07/01/17
- **Current Status**: The Texas Facilities Commission (TFC) did not receive any responses to the RFP (requests for proposal) for this location. TFC has entered into an agreement with a realty company, CBRE of Austin, to gather viable locations in Austin. CBRE assisted in locating our current Houston RSC location.
- CBRE compiled several viable property options for TxDMV review. A meeting is scheduled the week of March 28, 2016 with internal TxDMV staff to discuss and narrow the search. Once the search has been narrowed, the real estate broker representative will meet with the agency to schedule site visits, likely to be in April.

### San Antonio Regional Service Center (San Antonio, Texas)
- **Established Square Footage**: 3,916
- **Designated Boundary**: Within a 5 mile radius from 3500 NW Loop 410, San Antonio, Texas
- **RFP Posted**: 01/19/16
- **RFP Information**: 303-7-20537 (see [http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=122251](http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=122251))
- **RFP Closed**: 03/01/16
- **Established Move Period**: By or before 02/01/17
Current Status: TFC received one proposal for a new building, approximately 1 acre along Woodchase Drive, adjacent to the corner of Eckhert Road.

Next Steps:
1. TxDMV staff will perform a site visit to the property location to evaluate the proposed property.
2. TxDMV will complete the TFC RFP Site Evaluation Report and return it to TFC. If the property does not meet agency needs, TFC will initiate the process to obtain a realty company for assistance.

Pharr Regional Service Center (Pharr, Texas)
- Established Square Footage: 3,787
- Designated Boundary: Within a 5 mile radius from 600 West Expressway 83, Pharr, Texas
- RFP Posted: 01/25/16
- RFP Information: 303-7-20539 (see [http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=1222364](http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=1222364))
- RFP Closed: 03/10/16
- Designated Move Period: By or before 03/01/17
- Current Status: No bids were received for this RFP; however, TFC believes they may have other properties in the area that may be available and/or they may be able to “piggyback” a lease on another state agency lease for additional space in the same facilities.
- Next Steps: TFC is compiling a property list for TxDMV consideration. When the property list is available, TxDMV staff will make site visits to the properties of interest to the agency and share feedback with TFC.

Corpus Christi Regional Service Center (Corpus Christi, Texas)
- Established Square Footage: 3,141
- Designated Boundary/Location: Within a 5 mile radius from 1701 South Padre Island Drive, Corpus Christi, Texas
- RFP Posted: 01/20/16
- RFP Information: 303-7-20538 (see [http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=122280](http://esbd.cpa.state.tx.us/bid_show.cfm?bidid=122280))
- RFP Closed: 03/03/16
- Designated Move Period: By or before 04/01/17
- Current Status: TFC received one proposal for CCRTA Staples Service Center at 600 North Staples, Corpus Christi, TX 78401.

Next Steps:
1. TxDMV staff will perform a site visit to the property location in April 2016 to evaluate the proposed property.
2. The agency will complete the TFC RFP Site Evaluation Report and return it to TFC. If the property does not meet agency needs, TFC will initiate the process to obtain a realty company for assistance.

The TxDMV Executive Team met in January and reviewed the department’s Mission, Vision, Philosophy, and Values statements. After extensive discussion, it was determined that these statements had been updated two years prior and remained applicable to the strategic direction of the department. The Executive Team recommended no changes.

3. TxDMV MISSION

To promote and protect the interests of the motoring public and all citizens in the state of Texas.

4. TxDMV VISION

5. TxDMV VALUES

To earn the trust and faith of all citizens of Texas by being transparent and accountable, cost effective, customer centric, trustworthy, performance driven, and progressive.

5.1. Transparent – a value that allows those at TxDMV who are affected by administrative decisions and business transactions, including but not limited to employees, customers, stakeholders, and legislative members, to know not only the basic facts and figures but also the mechanisms and processes. It is the duty of civil servants, managers and trustees to act visibly, predictably and understandably.

5.2. Efficient – a value that requires TxDMV to maximize the productivity of the personnel and capital resources of the agency. We do not add people, processes, programs or capital resources unless there is a proven need for them. We reduce people and restructure processes, programs or capital resources whenever and wherever our customers and stakeholders no longer have a demonstrated need that requires the support.

5.3. Teamwork – a value that flows from TxDMV operating as one voice or unit. TxDMV is not now and never shall be again an agency made up of divisional silos. The TxDMV
shall take a unified approach to performance, on that ties together the agency and individual aspect.

5.4. **Communication** – a value that ensures that all internal and external stakeholders of the TxDMV have clear, concise and accurate information on all aspects of agency operations and planning. Communication builds trust and teamwork.

5.5. **Accountable** – a value that states all TxDMV employees are responsible or answerable to someone for something, specifically to managers, the TxDMV Board, the Texas Legislature, stakeholders, and customers. It involves taking responsibility for our own actions and being able to explain them. Accountability comes in many forms and shall be used in all aspects of our daily business.

This approach shall consist of aligning the objectives, resources, and budgets of the different divisions and the goals, opportunities, and performance metrics of employees and measuring, analyzing, and reporting on employee and agency performance. This value shall lead the agency toward dramatic improvements in performance in financial terms, with respect to employee productivity and morale and the flexibility to adapt quickly to change.

5.10. **Progressive** – a value at TxDMV whereby the agency and all employees advocate for progress, change, improvement, or reform toward the vision of the agency.

6. **TxDMV GOALS**

6.1. **GOAL 1 – Performance Driven**

6.1.1. **Key Objective 1**

The TxDMV shall be an agency that is retail-oriented in its approach. To accomplish this orientation TxDMV shall concentrate the focus of the agency on:

6.1.1.1. Delivering its products and services to all of its customers and stakeholders in a manner that recognizes that their needs come first. These needs must be positively and proactively met. TxDMV works for and with its customers and stakeholders, not the other way around.

6.1.1.2. Operating the agency’s licensing and registration functions in a manner akin to how a private, for-profit business. As a private, for-profit business, TxDMV would have to listen to its customers and stakeholders and implement best practices to meet their needs or its services would no longer be profitable or necessary. Act and react in a manner that understands how to perform without a government safety net and going out of business.

6.1.1.3. Simplify the production and distribution processes and ease of doing business with the TxDMV. Adapting and maintaining a business value of continuous improvement is central to TxDMV operations and processes.

6.1.1.4. All operations of the TxDMV shall stand on their own merits operationally and financially. If a current process does not make sense then TxDMV shall work within legislative and legal constraints to redesign or discard it. If a current process does not make or save money for the state and/or its customers or stakeholders then TxDMV shall work within legislative and legal constraints to redesign or discard it. TxDMV shall operate as efficiently and effective as possible in terms of financial and personnel needs. Divisions should focus on cost savings without sacrificing performance. Division directors are accountable for meeting these needs and applicable measures. All division directors are collectively responsible for the performance of TxDMV as a whole.

6.1.1.5. Focus on revenue generation for transportation needs as well as the needs of its customers.

6.1.1.6. Decisions regarding the TxDMV divisions should be based on the overriding business need of each division to meet or provide a specific service demand, with the understanding and coordination of overarching agency-wide needs.
6.1.1.7. Developing and regularly updating a long-range Statewide Plan describing total system needs, establishing overarching statewide goals, and ensuring progress toward those goals.

6.1.1.8. The TxDMV shall establish a transparent, well-defined, and understandable system of project management within the TxDMV that integrates project milestones, forecasts, and priorities.

6.1.1.9. The TxDMV shall develop detailed work programs driven by milestones for major projects and other statewide goals for all TxDMV divisions.

6.1.1.10. The TxDMV, with input from stakeholders and policymakers, shall measure and report on progress in meeting goals and milestones for major projects and other statewide goals.

6.2. GOAL 2 – Innovation and Economic Development

The TxDMV shall be an innovative, forward thinking agency that looks for ways to promote the economic well-being and development of the industries it serves as well as the State of Texas within the legislative boundaries that have been established for the agency.

6.2.1. Key Objective 1

The TxDMV shall achieve operational, cultural, structural and financial independence from other state agencies.

6.2.1.1. Build the TxDMV identity. This means that TxDMV shall make customers aware of what services we offer and how they can take advantage of those services.

6.2.1.2. Build the TxDMV brand. This means that TxDMV shall reach out to the stakeholders, industries we serve and the public, being proactive in addressing and anticipating their needs.

6.2.1.3. Determine immediate, future, and long term facility and capital needs. TxDMV needs its own stand-alone facility and IT system as soon as possible. In connection with these needs, TxDMV shall identify efficient and effective ways to pay for them without unduly burdening either the state, its customers or stakeholders.

6.2.1.4. All regulations, enforcement actions and decision at TxDMV shall be made in a timely, fair and predictable manner.
6.2.2. **Key Objective 2**

Provide continuous education training on business trends in the industry with a particular emphasis on activities in Texas.

6.2.3. **Key Objective 3**

Provide continuous outreach services to all customers and stakeholders to access their respective needs and wants. This includes helping frame legislative or regulatory issues for consideration by other bodies including the legislature.

6.2.4. **Key Objective 4**

Exam all fees to determine their individual worth and reasonableness of amount. No fee shall be charged that cannot be defended financially and operationally.

6.3. **GOAL 3 – Customer-centric**

The TxDMV shall be a customer-centric agency that delivers today’s services and decisions in a positive, solution-seeking manner while ensuring continuous, consistent and meaningful public and stakeholder involvement in shaping the TxDMV of tomorrow.

6.3.1. **Key Objective 1**

The TxDMV shall seek to serve its customer base through a creative and retail oriented approach to support the needs of its industries and customers.

The TxDMV shall develop and expand user friendly, convenient, and efficient website applications.

6.3.7. Key Objective 7

TxDMV shall timely meet all legislative requests and mandates.
Agency Operational Boundaries as Defined by Department Policies of the TxDMV Board (Board)

The Board is responsible for the policy direction of the agency. The Board’s official connection to the day-to-day operation of the Texas Department of Motor Vehicles (TxDMV) and the conduct of its business is through the Executive Director of the TxDMV (ED) who is appointed by the Board and serves at its pleasure. The authority and accountability for the day-to-day operations of the agency and all members of the staff, except those members who report directly to the Board, is the sole responsibility of the ED.

In accordance with its policy-making authority the Board has established the following policy boundaries for the agency. The intent of the boundaries is not to limit the ability of the ED and agency staff to manage the day-to-day operations of the agency. To the contrary, the intent of the boundaries is to more clearly define the roles and responsibilities of the Board and the ED so as to liberate the staff from any uncertainty as to limitations on their authority to act in the best interest of the agency. The ED and staff should have certainty that they can operate on a daily basis as they see fit without having to worry about prior Board consultation or subsequent Board reversal of their acts.

The ED and all agency employees shall act at all times in an exemplary manner consistent with the responsibilities and expectations vested in their positions. The ED and all agency employees shall act in a manner consistent with Board policies as well as with those practices, activities, decisions, and organizational circumstances that are legal, prudent, and ethical. It is the responsibility of the ED to ensure that all agency employees adhere to these boundaries.

Accordingly, the TxDMV boundaries are as follows:

1. The day-to-day operations of the agency should be conducted in a manner consistent with the vision, mission, values, strategic framework, and performance metrics as established by the Board. These elements must not be disregarded or jeopardized in any way.

2. A team-oriented approach must be followed on all enterprise-wide decisions to ensure openness and transparency both internally and externally.

3. The agency must guard against allowing any financial conditions and decision which risk adverse fiscal consequences, compromise Board financial priorities, or fail to
show an acceptable level of foresight as related to the needs and benefits of agency initiatives.

4. The agency must provide timely, accurate, and honest information that will afford the Board, public, stakeholders, executive branch and the legislature the best ability to evaluate all sides of an issue or opportunity before forming an opinion or taking action on it. Any information provided that is intentionally untimely, inaccurate, misleading or one-sided will not be tolerated.

5. The agency must take all reasonable care to avoid or identify in a timely manner all conflicts of interest or even the appearance of impropriety in awarding purchases, negotiating contracts or in hiring employees.

6. The agency must maintain adequate administrative policies and procedures that are understandable and aid in staff recruitment, development and retention.

7. The agency must maintain an organizational structure that develops and promotes the program areas from an enterprise-wide perspective. No organizational silos or sub-agencies will be allowed. We are the TxDMV.

8. The agency must empower its entire staff to deliver a positive customer experience to every TxDMV customer, stakeholder or vendor to reduce their effort and make it easier for them to do business with the TxDMV.

9. The agency must at all times look to flattening its organizational structure to reduce cost as technology advances allow.

10. Agency staff shall anticipate and resolve all issues timely.

11. The agency must maximize the deployment and utilization of all of its assets – people, processes and capital equipment – in order to fully succeed.

12. The agency must not waste the goodwill and respect of our customers, stakeholders, executive branch and legislature. All communication shall be proper, honest, and transparent with timely follow-up when appropriate.

13. The agency should focus its work efforts to create value, make sure that processes, programs, or projects are properly designed, budgeted and vetted as appropriate with outside stakeholders to ensure our assumptions are correct so positive value continues to be created by the actions of the TxDMV.

14. The ED through his or her staff is responsible for the ongoing monitoring of all program and fiscal authorities and providing information to the Board to keep it apprised of all program progress and fiscal activities. This self-assessment must result in a product that adequately describes the accomplishment of all program
goals, objectives and outcomes as well as proposals to correct any identified problems.

15. In advance of all policy decisions that the Board is expected to make, the ED will provide pertinent information and ensure board members understand issues/matters related to the pending policy decision. Additionally, the ED or designee will develop a process for planning activities to be performed leading up to that particular policy decision and the timeframe for conducting these planning activities. It is imperative that the planning process describes not only when Board consideration will be expected but also when prior Board consultation and involvement in each planning activity will occur.

16. In seeking clarification on informational items Board members may directly approach the ED or his or her designee to obtain information to supplement, upgrade or enhance their knowledge and improve the Board’s decision-making. Any Board member requests that require substantive work should come to the Board or Committee Chairs for direction.

17. The agency must seek stakeholder input as appropriate on matters that might affect them prior to public presentation of same to the Board.

18. The agency must measure results, track progress, and report out timely and consistently.

19. The ED and staff shall have the courage to admit a mistake or failure.

20. The ED and staff shall celebrate successes!

The Board expects the ED to work with agency staff to develop their written interpretation of each of the boundaries. The ED will then present this written interpretation to the Board prior to discussion between the Board and ED on the interpretation. The Board reserves the right to accept, reject or modify any interpretation. The intent is that the Board and the ED will come to a mutually agreeable interpretation of agency boundaries that will then form the basis of additional written thought on the part of the ED and staff as to how these boundaries will influence the actions of the agency.
